

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presented conclusion from finding and discussion of the research and suggestion.

5.1. Conclusion

Based on the result of finding and discussion of the research, it could be concluded that seventh grade students of MTs Al Muttaqin had problem in improving vocabulary. The researcher found out that the students' problem was they got difficult in memorizing English vocabulary. They also often forgot vocabulary that they got.

In order to solve the students' problem in vocabulary, the researcher tried to implement crossword puzzle. After the researcher taught appropriate material, the researcher asked students to make a group. Each group consisted of three until four students. Then the researcher gave the crossword puzzle to the students and asked them to do the crossword puzzle. The students could share their knowledge about vocabulary in order to finish the crossword puzzle together in every group.

There were some capabilities of crossword puzzle that had positive impact toward students' achievement in improving vocabulary.

After analyzing the implementation of crossword puzzle from the cycle one, in the cycle two the researcher implemented the use of crossword puzzle in different way. The result was quite successful. Average score from 61,1

improved to 73,4. The implementation of crossword puzzle in cycle two also made the students more active in classroom and made them confident when they wanted to ask to the researcher.

The result from the questionnaire in the end of the research shown that the students had positive reaction toward the crossword puzzle. It had good impact in improving their vocabulary. Based on the result of finding and discussion in this research, it could be concluded that the use of crossword puzzle could improve students' vocabulary of seventh grade students of MTs Al Muttaqin.

5.2. Suggestion

Based on the result of this research, the researcher would like to give some suggestions:

1. For the other teacher

When teachers meet the same problem about students in improving vocabulary, every teacher may try to implement crossword puzzle in order to solve the problem. Because the implementation crossword puzzle researcher quite successful in order to solve the problem.

2. For the students

Students should hard working in learning process at school and follow every subject in the school seriously. Especially in English.

Students can try using crossword puzzle in order improve vocabulary mastery.

3. For the other researcher

The other researcher can use this thesis as a reference or if it is possible, when meet the same problem try to use the other way. So there will be various way in improving vocabulary.
