

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusion

Based on the results of research that has been carried out by researcher who refer to Brown's analytical scale there are five aspects of organization, content, grammar, punctuation, style and quality of expression. It can be seen that students' difficulties in writing showed adequate to fair. There are 5 students who have difficulty in aspects of organization and style of quality , then there are 7 students who have difficulty in aspect of grammar . So, three aspects above are difficulties in writing narrative text of ninth grade students of Mts Negeri 1 Jepara.

5.2 Suggestions

Based on the results of research that has been done, the researcher will give some suggestion about students' difficulties in writing narrative text. The suggestion that want to researcher gives to the teacher especially english teacher,students and reader.

For the students of MTs Negeri 1 Jepara, all of you have to increase to try to make stories and developing your ideas. Then pay more attention for structure of narrative text, grammar and punctuation.

For the teacher of MTs Negeri 1 Jepara, especially for english teacher, please giving them practice writing to know ho far they understand well. Especially pay attention in their organisation, grammar and punctuation. Then

looking for, the good method for teach them. So, it can be easier for them to understand.

For reader this research can be used to be a reference for the study of readers as a matter of comparison or refernce in conducting research, especially in the process of analyzing text in english subject.
